GENERAL INSTRUCTIONS

1. Purpose. The primary purposes of this form are to establish a classification for Marine Corps Motor Transport vehicles, based on their mechanical condition and to determine the economical repairability of affected vehicles. The standards of this limited technical inspection will be in the pertinent technical manual for the vehicle, except that service will not be performed nor will assemblies be disassembled for inspection.

2. After careful consideration of all deficiencies found during this inspection, the vehicle will be classified by a "letter condition code" in accordance with the following.

LETTER CONDITION

A Serviceable - issuable without qualification
B Serviceable - issuable with qualification
C Serviceable - Priority issue
D Serviceable - Test/Modification
E Unserviceable - Limited restoration
F Unserviceable - Reparable (Use Codes W, Y, Z & 2 if applicable)
G Unserviceable - Incomplete
H Unserviceable - Condemned
W Reparable Repair Cost 11 - 25% Standard unit price
Y Reparable Repair Cost 26 - 40% Standard unit price
Z Reparable Repair Cost 41 - 65% Standard unit price
2 Reparable cost of repairs above 65% of unit price
Ref: MCO P4400.82

(Detailed explanation of classifications and condition codes are contained in MCO P4400 series).

3. The condition letter determined as a result of this inspection will be marked upon the vehicle in large type in a conspicuous place with gasoline - soluble paint.

SPECIFIC INSTRUCTIONS

4. Enter the complete nomenclature of the vehicle on the first full line on the front of this form as shown by the following examples:

a. Type of vehicle - Truck, 21/2 ton, 6x6, Cargo; Wrecker; Ambulance; etc.
b. Unit assigned, 3/12, 9th MTBN, etc.
c. Size - 21/2 ton, 5 ton, etc.
d. Drive - 4x2; 6x6; 2 wheel, etc.

5. Fill in the equipment data on the following line. The model referred to in the second space is the manufacturer's model or series number for tactical vehicles. The age of the vehicle may be determined from the date of delivery imprinted on its nameplate or from available records. The mileage indicated should be the true value as determined from records if the speedometer is known to be incorrect.

6. On the third line, check the letter condition determined from this inspection.

7. Indicate the appropriate condition of the listed items according to the following categories:

a. Satisfactory - The unit is not considered to require any repairs.
b. Repair - Requires repairs which can be accomplished without major disassembly of the unit or the equipment.
c. Replace - The unit is in need of repairs which will necessitate major disassembly, or the unit is considered to be beyond economical repair.
d. Missing - The unit listed as missing will require replacement if the equipment is completed and placed in serviceable condition. Missing items must be fully justified in Remarks column. Items missing due to cannibalization will not be condoned.

8. In the blank spaces provided, list any additional items which are not in satisfactory condition, indicating the condition of each.

9. Where there is more than one unit of the listed item on the vehicle, enter the appropriate number rather than a checkmark under the column to indicate their condition.

10. Unless otherwise required, the cost figures need only be entered when the economical repairability of the vehicle is to be determined or when disposition instructions for the vehicle are requested.

11. Indicate the following information in the provided spaces:

a. MI/TI TO BE APPLIED-. This determination will be made by visual inspection without disassembly.
b. Enter any missing items not otherwise shown which will affect the class and service of the vehicle.
c. Major Damage Obviously Due to Other Than Fair Wear and Tear. - Enter items, such as frozen cylinder block, damage in transit, and damage due to wrecks, that are required to establish responsibility for this condition.
d. Remarks. - Enter any other information not otherwise included that is considered of importance and to have a bearing on the classification assigned.
