Marine Corps Instructor Trainer of Water Survival Certification Checklist

The billet of Marine Corps Instructor Trainer of Water Survival (MCITWS) is only authorized at MCWST Formal Schools (MCWSS and EWTGPAC), MCRD PI, MCRD SD and TBS.

Instructors desiring to certify as a MCITWS must complete sections 1-5.

1. Name:

Last	First	M.I.

MOS	Phone #	Date

2. The MCIWS must meet these swim requirements:

☐ Continuously swim 500 meters utilizing any of the four survival strokes (Crawl Stroke, Side Stroke, Breast Stroke, Back Stroke) in a time limit of 11 minutes or less.

☐ After executing a feet first entry, swim under water 25 meters without breaking the surface.

☐ Utilizing the Life Saving Stroke (sidestroke), swim 50 meters while carrying a 10 lb rubber dive brick. The brick must remain out of the water for the entire 50 meters.

☐ In 40 seconds or less execute a feet first entry, swim 20 meters, execute a feet first surface dive and retrieve a 10 lb rubber dive brick from the bottom of the pool (minimum 10 feet) and return to the surface. The time will stop once you break the surface of the water with the brick. You will then return to the point of entry with two hands remaining in constant contact with the brick and with your face out of the water for the entire time (this portion is not timed).

3. ☐ Graduate from a Formal School Instructor Course.

4. ☐ Complete ARC Lifeguard Instructor Course and maintain all certifications

5. ☐ Co-teach a MCIWS Course mentored by a current MCITWS.
