h. Stable Family	a. The Command verified that this Marine is not currently enrolled in any command-directed Family Advocacy Program. b. Divorce/Separation. Divorce or Separation standing alone does not disqualify someone for assignment to SDA. However, a Marine is not qualified when his/her bonafide separation /divorce/custody proceedings will foreseeably interfere with meeting all SDA School training schedule requirements. c. The Marine **is / is not** currently separated or undergoing divorce proceedings. j. Family Status	Commanders should consider this requirement equally important to the individual Marine's fitness for duty. Consideration must be given to serious physical conditions or abnormalities which require specialized medical treatment, dental treatment or specialized training not likely to be available without considerable cost to the Marine. Ultimate assignment will consider any special requirements of the Marine's family. Exceptional Family Member Program (EFMP) status does not necessarily disqualify a Marine for special duty. Each EFMP Marine screened will be approved by CMC (MMEA-26) prior to assignment. k. Family Members	This should be viewed as a precaution to avoid potential financial hardships. Most recruiting stations and substations are far removed from military installations. The recruiter may not have immediate access to commissaries, exchanges, base quarters, and free medical care. (Can be waived by MMEA. Number of family members should only be a disqualifier if financial instability occurs as a result.) Max for Sgt and Below is 2 and SNCO's is 4.
