l. Family Care Plan (IAW Ref MCO 1740.13_ all Marines are required to have a Family Care Plan in place as per encl 1 of the reference.)	A single parent may request or be assigned to Recruiting duty. Requests and qualification must include a certified copy of their plan for child care while attending school and during the subsequent 36 month assignment on recruiting duty. Final approval and assignment of eligible single parents resides with the Marine Corps Recruiting Command. Single parents must be able to execute orders to assignments that support the needs of the command. Disenrollment from Recruiters School or disqualification for recruiting duty as a result of an "uncertifiable" child care plan will result in the assignment of a draw case code and may affect future retention and assignments.
