a. Dental Qualification	The Marine must be dentally qualified (Class I or II). Marines considered permanently Dental Class II IAW current NAVMED are qualified for the purpose of this Order. Dental examinations must be conducted within 6 months of class reporting date. Because of the time constraints in the training schedules, a Marine requiring excessive dental treatment would miss valuable training. More importantly, since this Marine may be far removed from a Government supported medical facility; dental problems may translate into an increased financial burden. Do not detach a Marine who is less than Dental Class II.
