PART D - CRITICAL ELEMENT PERFORMANCE STANDARDS

A critical element performance standard is a general description of a level, requirement, or expectation of employee performance that must be met to be appraised at a particular level of performance. Performance standards are contained in Appendix C of the document Interim Performance Management System Covering Positions Transitioning to the General Schedule from NSPS and are defined by career stage - entry, journey, and expert. A single career stage will be used for all critical elements. The supervisory performance standard is used only for supervisory critical elements. Select the appropriate career stage below.
