16.	Debriefed specified and implied tasks of the evolution effectively to necessary participants.		
17.	Identified the root causes of the conditions that led to risk to mission and risk to forces successes and failures (i.e., adequacy of hazard ID, RCAs, or RCA supervision).		
18.	Communicated actionable solutions to prevent future risk to mission and risk to forces failures for this and similar evolutions to relevant internal/external unit(s)/group(s).		
	LL/BP COLLECTION/IMPLEMENTATION	GRADING	COMMENT
19.	Retained ORM risk assessment, LL, and/or BPs for this evolution in a centralized, readily accessible location at the unit/group.		
	GRADE EVOLUTION	OVERALL GRADE	COMMENT
20.	Conduction of grading the evolution will be completed by assessor.
