APPLICATION FOR CERTIFICATION AS A NAVY GAS FREE ENGINEER

Please complete Items 1-9 below after reading the Privacy Act Statement

Privacy Act Statement

SECNAVINST 5311.5 (series) authorizes collection of this information. The principal purpose is to provide information to the Navy Gas Free Engineer (GFE) Certification Board relevant to the decision to notify candidates as Navy GFEs and regarding the performance of Navy GFEs relevant to the decision to recertify or decertify Navy GFEs. In addition to those disclosures permitted under 5 USC 552a(b)3 of the Privacy Act, this information may specifically be disclosed outside the DoD as routine use under 5 USC 552a(b)3 to the Navy GFE Certification Board for the purpose of certifying, recertifying, and decertifying Navy GFEs and GFE candidates. The "Blanket Routine Uses" that appear at the beginning of the Department of the Navy's compilation of systems notices apply to this system. Disclosure of this information is voluntary; however, failure to provide the information may affect participation in the Navy GFE Certification Program.

1. Name: _____ 2. Phone: _____

(Last, First, MI)

3. Activity: _____ 4. Code: _____

5. Physical Qualifications: Submit completed SF 78 Certification of Medical Examination, or equivalent evidence of physical fitness to perform GFE tasks.
